Thursday 27<sup>th</sup> May 2021

Dear [REDACTED]

We regret to inform you that at this point of the investigation we are unable to provide any compensation or guidance regarding your investments issued by Essex and London.

Unfortunately, we have discovered from the auditor's report that you have actually received what was originally sold to you therefore until the case eventually turns criminal, we are unable to help you.

Please note that there is still an on-going investigation therefore this could result in a criminal case where the settlement of compensation would then be reviewed

Therefore, as a potential result of the case going criminal, we would process another auditor's report which may result in you becoming a creditor.

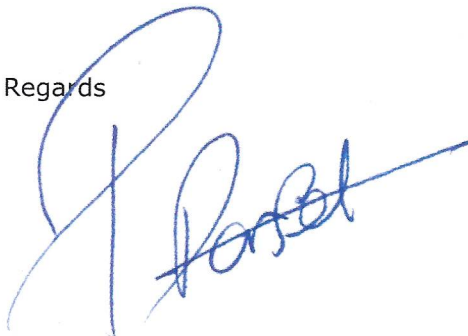

Fortunately, as an owner you do own an asset outright and may be able to secure a sale.

Below are the details of a company we have previously had activity with:

- **Company: Global Enterprise Limited**
- **Telephone Number: 0800 0664 116**
- **Company website: [www.globalenterpriselimited.com](http://www.globalenterpriselimited.com)**

This company has in fact purchased assets similar to what you own, however at this stage we cannot guarantee they will have any interest in what you own. Therefore, it is certainly worth a shot as other investors have had some success.

Kind Regards

Peter Dorset  
**Chief Practitioner**  
**Kingsgate Insolvency Limited**
